

# FY 2017 Continuing Resolution

**April 28, 2017**

*End date of  
Continuing Resolution*

**\$1.07T**

*Maintains Budget  
Control Act caps*

1. Prevents a government shutdown
2. Maintains funding at the current budget cap level
3. Includes provisions to continue essential government operations, including national defense

## Bill Highlights

- Includes *additional Overseas Contingency Operations funds*, including **\$5.8B** for the *Department of Defense* and **\$4.3B** for the *State Department*, to **support military efforts to fight ISIS and terror around the globe and ensure the readiness of our troops**
  - Including increases in base discretionary spending, **Defense funding level is \$8B higher than the current Continuing Resolution**
- Ensures the **timely, cost-effective delivery of critical Defense equipment and systems:**
  - Ohio Replacement Submarine
  - Black Hawk Helicopter
  - Apache Attack Helicopter
  - KC-46A Tanker
- **Maintains the strong protection of our homeland** by updating funding for Department of Homeland Security operations, ensuring DHS can continue border security, immigration enforcement, aviation security, and protection of the President-elect
- **Continues the freeze on Member pay** that has been in effect since 2010. Without this change, a cost-of-living adjustment would go into effect in January
- **Provides needed funding to respond to devastation and damage caused by recent natural disasters**, including Hurricane Matthew, floods, and drought, including
  - **\$1.025B** to repair damaged *Corps of Engineers* projects
  - **\$1B** for emergency relief through the *Federal Highway Administration*
  - **\$1.8B** for *Community Development Block Grants*
  - **\$206M** for *critical Department of Agriculture watershed protection programs*
  - **\$74.7M** to repair damaged *NASA* facilities
- **Supports the 21st Century Cures Act**, by including funding for *FDA and NIH innovation*, as well as **\$500M** to continue *state response to the opioid crisis*. **This funding is fully offset**
- Allows **\$170M** for *health and drinking water infrastructure investments*. **This funding is fully offset**
